

THE STATE OF UTAH
OFFICE OF STATE ENGINEER
SALT LAKE CITY

WAYNE D. CRIDDLE
STATE ENGINEER

April 28, 1964

NOTICE TO POT CREEK WATER USERS:

The court, at the request of the water users, has released the State Engineer from the responsibility of distributing Brush and Ashley Creeks.

We must therefore establish your system on an independent basis. The attached budget is our estimate of the costs needed to cover regulation of Pot Creek in 1964. We will assess this amount on the basis that has been used in the past, however, this will be reviewed with you at our next water users' meeting.

You will note the budget varies from our past budgets in that "necessary and regular" trips for distribution will be covered by the assessment. The cost of special trips will be assessed directly against the water user requesting them.

We will appoint Robert F. Guy as your commissioner for 1964. He will serve until time will allow us to receive and act on your recommendations.

We trust this procedure will prove satisfactory and meet with your approval.

Yours very truly,

Wayne D. Criddle

POT CREEK

1964 BUDGET

<u>Item</u>	<u>Amount</u>	
1. Contractural Services (10 trips at \$25/trip)	\$ 250.00	<u>1/</u>
2. Commissioner's Report	25.00	
3. Bonds and Insurance	10.00	
4. Miscellaneous Expense	15.00	
	<hr/>	
	\$ 300.00	<u>2/</u>

1/ Budget set up on 10 trips. This number is believed to be adequate for distribution. If any user requests additional trips, he will be assessed for these trips at a rate of \$25.00 per extra trip.

2/ Assessment of total amount on a basis of 1964 deliveries with a minimum assessment against all stock rights of \$10.00.
